MRS. W. W. CROFOOT

MISS NATHALIE EKSTROM

MISS JOSEPHINE BAILEY

TO THE GRADUATES:

Throughout your school career you have been following a road of self-development. While broad highways, by-ways, and possibly some lowways have confronted you, your steps have been more or less guided, we believe, into the better ways. Now, at the close of your high school days, you are upon the threshold of new experiences. New roads, new ways, will soon be beckoning in every direction; and each of you must choose for himself the road he will follow on into the coming years.

May I share with you a thought that has recently come my way?

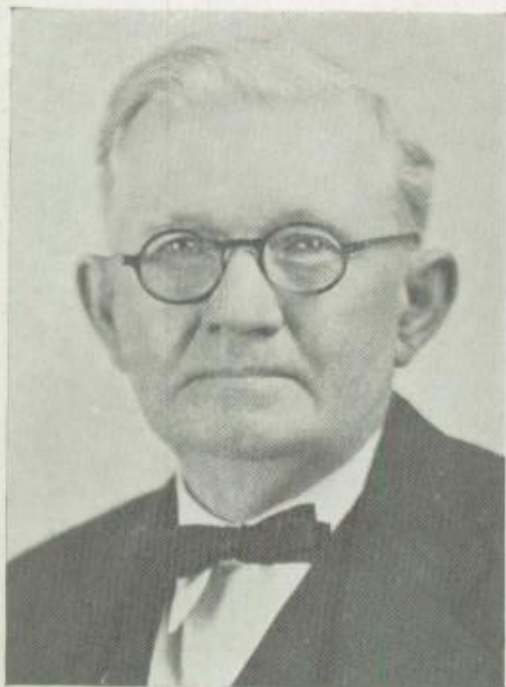

"To every man there openeth
A Way, and Ways and a Way,
And the High Soul climbs the High way,
And the Low Soul gropes the Low,
And in between, on the misty flats,

The rest drift to and fro.
But to every man there openeth
A High Way and a Low,
And every man decideth
The Way his soul shall go."

Sincerely,

A. N. McCallum

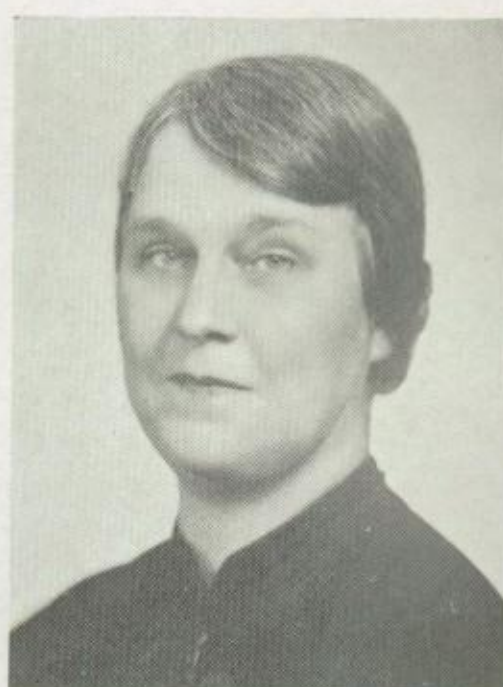

Superintendent of Schools.

G. H. WELLS

TO THE STUDENTS OF AUSTIN HIGH SCHOOL:

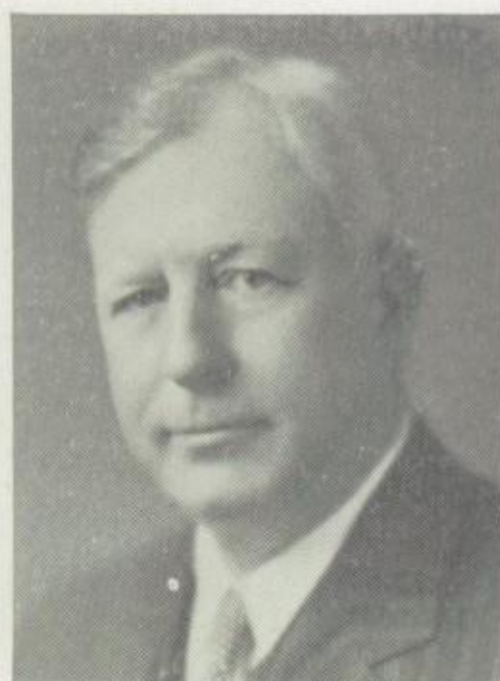

Time and space are linked with the Infinite. The eternal values of time demand that we meet its ever-running hours with reverence and its opportunities with zeal. As we view this record of a great year in Austin High School we should ponder over its many possibilities and resolve that another year with its wealth-laden hours will bring us an even richer harvest.

Principal.

National Honor Society of Secondary Schools

The National Honor Society was organized in February, 1921. The object of this society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character. Since the Austin High School belongs to the Southern Association of Schools and Colleges, we were entitled to membership in this organization. The first charter of the National organization was granted to the Fifth Avenue High School, Pittsburgh, Pennsylvania, in the year indicated. Up to November, 1935, there were 1,653 chapters of the senior organization in the United States, nine in the Philippine Islands, four in the Hawaiian Islands, two in Puerto Rico, and one in the American School in Shanghai, China. At that time there were 206 chapters of the National Junior Honor Society in the high schools of the United States. This makes a grand total of 1,875 chapters to this date.

The Austin Chapter was organized and accepted by the National organization in the spring of 1931. Since then 327 members have been admitted to this chapter. Not more than fifteen per cent of the Senior class and not more than ten per cent of the 11A class may be chosen to membership. The fall initiation is held in the High School Auditorium, and the spring initiation always follows the spring banquet. It is a self-evident fact that this organization is accomplishing its aims as seen by the high standard of scholarship being developed in our schools.

Golden R

The Reader's Club, sponsored by Miss Alice S. Harrison, is unique in Austin High School, because of the lack of organization, officers, and meetings. The Golden R is presented by the Library as an honor to students who have completed satisfactorily a prescribed course of reading.

Polyhymnian Literary Society

The Polyhymnian Literary Society was organized in Austin High School in the year of 1927 with an enrollment of twenty-five members. The club was named for Polyhymnia, The Muse of Religious Poetry, who carried a scepter to show that "Eloquence rules with resistless sway," the motto adopted by the club.

The club was established for the purpose of studying literature and of endeavoring to represent Austin High School in the fields of debate, declamation, and extempore speech.

In addition to their literary work the Polyhymnians entertain from time to time with social functions. In the fall term a Silver Tea Dance and the formal Christmas Dance are given. The informal social event of the year is the spring picnic. Each term new members are received into the club and are honored at a Banquet given in their behalf.

Sapphonian Literary Society

In 1917 the Sapphonian Literary Society was organized from the nucleus of the Girls' Debating Society. In 1919 a Sapphonian member, Bessie Minter, was State Champion in spelling. In 1922 Rosa Lee Nemir and Zena Hildinger won the debate cup the second time for the Sapphonians. In 1924 two members, Martha Faulk and Martha Chamness, won finals in Interclub Declamation; and Agnes Nemir and Martha Faulk represented Austin High School in Interscholastic Debate. In 1927 Ruth Williams and Duella Davis represented Austin High in Interscholastic Debate. Through the years Sapphonians have been true to their initial bent for debating, for again in 1937 two Sapphonian members, Virginia Martin and Martha Darnell are to represent Austin High School in Interscholastic Debate.

Margaret Preston Literary Society

The Margaret Preston Literary Society of Austin High School was organized in 1918.

It was named for Margaret Preston, a poetess, who wrote poems concerning the Civil War. She was a kinswoman of General Stonewall Jackson, and her husband died in the Civil War, fighting for the south. The girls liked her poetry so well that they decided to name the club for her.

This club, organized for debating, started with eleven members. The membership now is limited to thirty-five.

The emblem of the club is an owl; the colors are rose and silver; the flower, a rose; and the aim of our club, "To develop literary interest and expression."

The motto is: "To be rather than to seem to be." On this motto are based our programs for this year—debates, poems, short stories, articles, and talks on developing sincere charm and good personality.

Hypatian Literary Society

The Hypatian Literary Society was organized in 1916 with ten charter members. Since then the membership has been increased to the limit of forty.

Hypatia, for whom the club is named, was a Christian worker of olden times. The colors of this club are black and white; the flower, the calla lily. The three-fold purpose is social, literary, and philanthropic, while the aim is to cultivate each member in these three fields of endeavor.

A large number of the members, in the past, as well as in the present, have belonged to the National Honor Society, Red Jackets, Student Council, and Red Dragon Players. Highest honors in Intramural Junior Declamation and in Girls' Debate were won by Hypatians. Two members have been presidents of the Student Council; three Queens of Austin High School were Hypatians.

Each year the Hypatians give a dance, a picnic, a tea, an initiation banquet, and a Charity Show, given in cooperation with the Forrest Guynn Cook Club.

Calhoun Debating Society

The Calhoun Debating Society is the oldest organized club in the school. It was founded in June 1913. Famous among its founders can be seen names of such men as Burnett, Cofer, Granger, Walker, Harvey Williams, and many others.

The Calhoun motto is "We can, we have, and we will." The club was represented in the World War by fifty-seven "Sons of Liberty."

In 1927 the club was reorganized after a few years of inactivity.

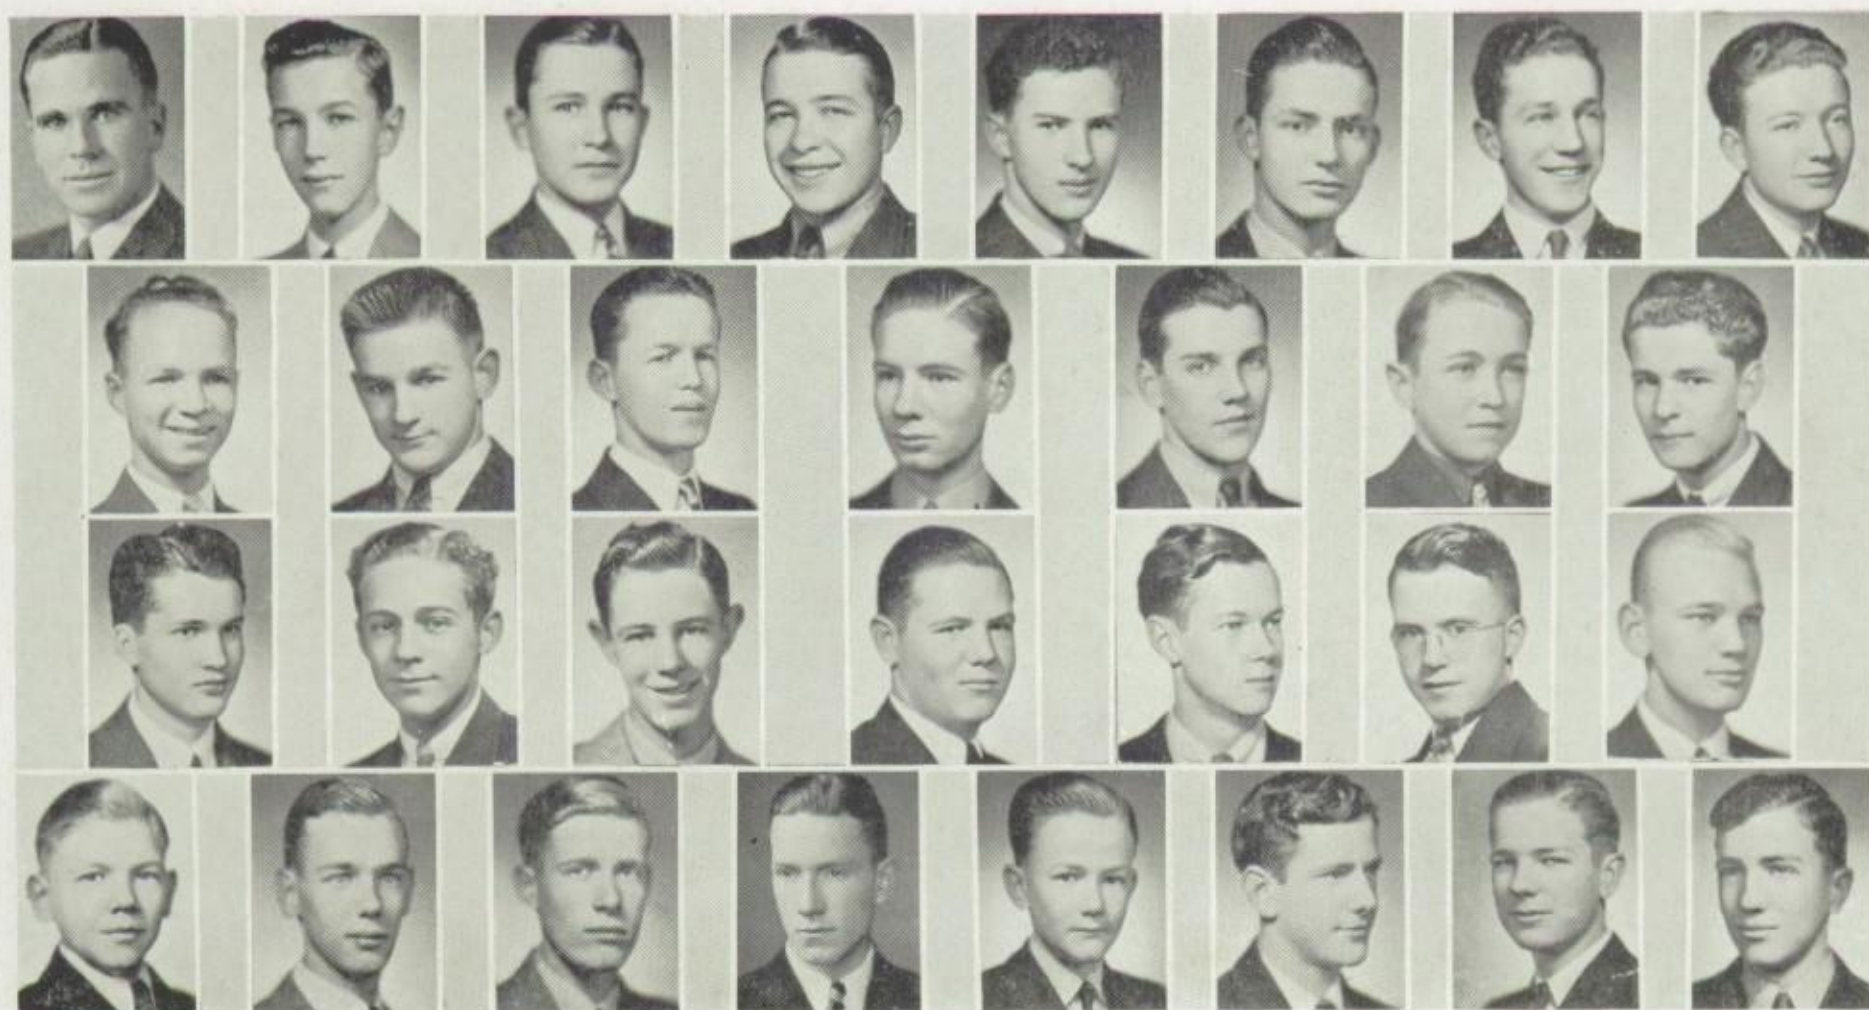

The objective of the club is to develop its members efficiently in the art of debating through active participation in club work.

Platonian Literary Society

The Platonian Literary Society, which was first sponsored by Miss Bethol McCollum, was begun about six years ago.

The main objective of the organization is to afford opportunity for the intimate social life which is otherwise impossible in so large a group as the Senior High School.

Short articles, stories, and papers form part of the programs. Club credit is given only when a girl has checked five units from a list of activities and duties which the club has listed as a standard.

Forrest Guynn Cook Club

Forrest Guynn Cook, one of the most all-round students of Austin High School, met with accidental death in the spring of 1925 while practicing for the State Track Meet. The following year a group of his friends formed the Forrest Guynn Cook Club in his memory with Mrs. Grace Evers as sponsor. The purpose of the club is to develop interest in the scholastic, athletic, and social activities of the Austin High School. Its guiding principle is its motto, "Develop the Traits of Manhood." Through the years the members have endeavored to emulate the high standards of manhood as exemplified by Forrest Guynn Cook.

The organization does not attempt to promote any one activity, but instead attempts to aid each individual to develop himself in some line of endeavor.

Athenaeum Literary Society

In 1932 Athenaeum Literary Society was formed with twenty-one members, having Katherine Madden as president. The club admitted both boys and girls to its membership until 1933 when the girls, having a majority, voted, with a protest from the boys, to exclude them from the club.

During the first term of its existence the rules and restrictions found necessary evolved into a constitution which, with only a few amendments, is still in effect. Also during this term the pin and colors were chosen. The pin design, a scroll, and the colors, gold and black, were used in the insignia for the club sweaters, worn for the first time in the fall of 1936. The objects of the club are to promote friendliness among its members, to pursue literary studies decided upon each term by its members, and to participate in the literary activities of the school. The membership, which was at first restricted to twenty-five, has been extended to thirty.

When Miss Whatley married in 1936, Miss Ruth Jo Cage became sponsor.

Sodalitas Latina

The Latin Club, one of the oldest clubs in Austin High School, was organized to promote sociability among students of Latin and to increase interest in the language and customs of the people who spoke it.

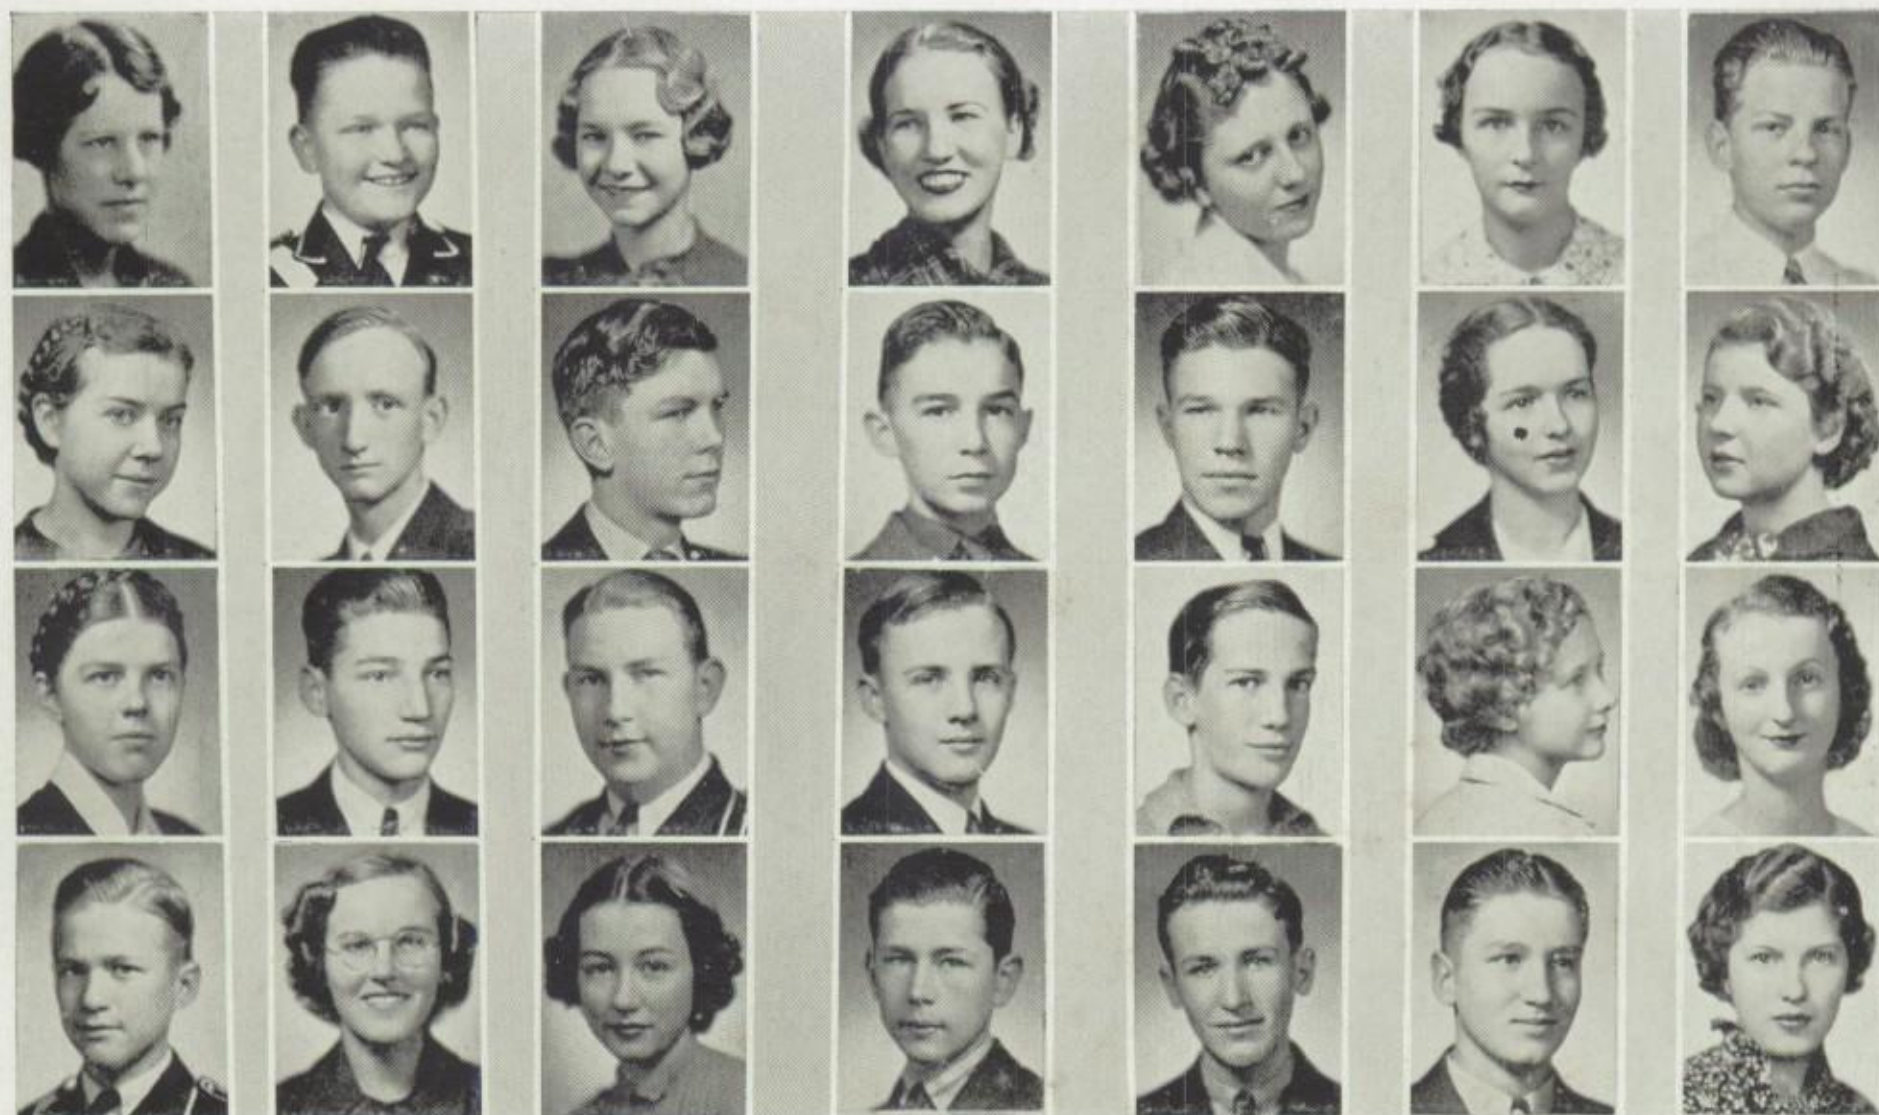

Esse quam videre, meaning "to be, rather than to seem to be" is the club motto. The Latin Club sponsors Latin Tournaments and Contests, and has contributed funds by giving programs and appropriating money from the club treasury. Purple and white, colors of the Roman Senator's toga, are the colors used in the banner and pin of the club. The pin depicts the torch of knowledge with S. L. on either side of the triangle. At first the Latin Club met after school and no credit toward graduation was given its members. It was due to the efforts of the Latin Club, however, that language clubs, as well as literary clubs, were later given credit.

Camera Club

The Camera Club was organized in the fall of 1936. The chief aim of this club is to learn to make better pictures. The membership is limited to fourteen members. Only those students chosen by Mr. Carter, the sponsor, may be members. The club subscribes to several photographic magazines in order to keep up with the latest points in photography. The chief undertaking of the club this year was the making of its own Comet pictures.

Red Dragon Players

The Red Dragon Players assumed the name now used in the spring of 1930; prior to that date the dramatics organization of the high school had been known as the Little Theatre of Austin High School.

Since the Red Dragon Players was organized, the group has presented in public production twenty-two full length plays and twenty-one one-act plays. Five entries in the Interscholastic League One-Act Play Contests have entered in the finals of the state meet; one entry won first place, and three entries have been adjudged runner-up. Three members of the organization have won the Samuel French trophy awarded annually for the best performance in the state meet.

The Red Dragon Players is associated with the National Thespian Organization and is officially known as Troupe 120.

In addition to actual play production, the Red Dragon Players have staged the Annual Revue since its beginning six years ago.

Le Cercle Francais

Le Cercle Francais was organized in 1921 by Madame Jeanne Engerrand, and it has continued in existence ever since. At present it is under the sponsorship of Mademoiselle Eloise Roach. Since the programs consist of reports on French literature, manners, and customs, skits, games, folk-songs, slides of places in France, and occasionally an outside speaker, the Cercle has never suffered from the lack of varied and interesting activities. Business and all programs are conducted in French.

The Cercle has sponsored for three years the "Fete de St-Charlemagne" in honor of the "laureats," that is, honor students in French. The Cercle also observes Christmas with a traditional "Fete de Noel."

Students must have had one year of French before receiving an invitation to join the Cercle. Occasionally outstanding 8B students are invited to join.

Jane Addams Club

The Jane Addams Club was organized in the fall of 1935 at the request of a group of commercial girls. It is primarily for students in the Commercial Department, but a number of academic girls, enrolled in commercial courses, are admitted to the group which is limited to twenty.

The purpose of the club is to broaden the students' outlook on the business world, its opportunities, and responsibilities. Programs center about problems of the business woman both in her actual work and in social phases connected with it. These have consisted of programs presented by the members themselves or by outside speakers representing some club group of the city or some particular activity in the business world in which women take part.

Recreational meetings consist of teas, luncheons, and swimming or picnic parties.

El Arco Iris

El Arco Iris, the oldest Spanish club in Austin High School, has a three-fold aim: stimulation of interest in things Spanish, enjoyment of the musical background of Spanish, and understanding between Spanish-speaking and English-speaking students. The motto is "Saber es poder"; the club emblem is the cactus; and the colors are green, white, and red. The programs and the formalities of business are conducted in Spanish as much as possible. There are appropriate ceremonies in Spanish for the installation of officers and the initiation of new members.

The club programs are planned on Spanish or Latin-American topics and include plays, songs, dances, and games as well as reports, travelogues, and declamations. "Recuerdos Irisados," the club scrapbook, was begun by the members of 1928-29 and contains a record of club events since that date.

El Arco Iris is affiliated with The Pan American Student Forum and cooperates in the activities of that organization. Delegates have been sent to four conventions in the past, and the entire membership is looking forward to attending the national convention in 1937.

Los Habladores

Los Habladores was organized by Miss Vera Lee Moore, December 1, 1926 at the request of about twenty-five enthusiastic beginners in Spanish. Membership, the first year, was limited to beginners, but soon was extended to include students in all grades of Spanish.

The aim of the club is four-fold: practice in speaking Spanish; appreciation of Spanish people, customs, and literature; parliamentary practice; and pleasure. The colors are black and red. The emblem is a parrot. The motto is "Manana de zorras, mal dia de caza."

The activities of Los Habladores include interesting club programs of Spanish music, songs, games, informational reports, and slide lectures; publication of a mimeographed bulletin containing club songs, yells, parliamentary terms, and programs; participation in public programs of the Pan American Student Forum, civic clubs, and the State and National Conventions of Spanish clubs; contributions to charity; and participation in intramural debates.

La Tertulia Spanish Club was organized in the fall of 1934 for the purpose of studying and developing an interest in things Spanish. There were thirty charter members, but the membership has since been limited to twenty-five.

Since the first year of its existence, the club has cooperated with the Pan American Student Forum and its affiliated clubs. In 1935 delegates were sent to the National P. A. S. F. convention, and in 1936, to the State Convention. Representatives are to be sent to the P. A. S. F. convention to be held in Dallas this year.

La Tertulia, in 1935-36, adopted as their motto "Adelante," meaning to go forward or onward, and, to represent this motto, a ship in full sail, painted in gold on white, was carved from wood. The pins, made in gold and white, are small replicas of the emblem. The regular meetings of the club are composed of programs pertaining to Spanish. Two social events are given each term. Formal programs are sometimes conducted in Spanish, but beginning students are always welcomed and made to feel that they are wanted.

Hi-Y Club

The Austin Chapter of the Hi-Y club was first organized under the leadership of Mr. Hubert B. Jones in 1924. It was reorganized at the beginning of the second term in 1930 with Marshall Abernathy as sponsor. The Hi-Y club is a national organization whose purpose is "to create, maintain, and extend throughout the school and community high standards of Christian character." The club's slogan is "Clean Living, Clean Speech, Clean Sports, and Clean Scholarship."

Problems which confront the boy's life are discussed at the weekly meetings in order to give the boy a chance to consider his life work in the light of Christian teaching and Christian ideals. Each meeting opens and closes with prayer. Several meetings have been given over to business men, who make interesting talks and give valuable advice. Besides the topic for discussion, the programs consist of songs and games. The members of the club have enjoyed several picnics and get-togethers.

The Nature Science Club Number One

The Nature Science Club received its present name by a series of changes. It was organized in 1923 by Miss Cora Freeman as the Gene Stratton Porter Nature Club, the name being changed in 1929 to the Nature Club and in 1930 to the Nature Science Club. Interest in the club became so great that in 1933 it was necessary to make two separate divisions, Nature Science Clubs Number One and Number Two.

This club planted the Chinese Elm trees that grow along the south side of the school grounds and joined with the Y. T. S. Botanical Society in planting the beautiful redbud and ornamental peach shrubs.

In 1935, the Nature Science Club Number One affiliated with the newly organized Texas Junior Academy of Science and has sent delegates to each state and regional meeting. Members of the club sponsored the publication of the fall 1936 bulletin of the Texas Junior Academy of Science. Present activity includes the presentation of programs based on scientific problems, field trips, and individual research projects for presentation before the spring regional meeting of the Texas Junior Academy of Science.

Nature Science Club No. II

The Nature Science Club is one of the oldest of its kind in the Austin High School. It was founded in 1923 by Miss Cora Freeman under the name of the Gene Stratton Porter Nature Club. In 1928 under the sponsorship of Miss Vesta Hicks the name Nature Club was adopted.

In 1930, the more descriptive name of "Nature Science Club" was selected by the organization. During this time the club together with the Y. T. S. Botany Club undertook to beautify the school grounds. The Chinese Elms and the hedge on the south of the school grounds and the Red bud tress and Purple leaf plum trees in the front were planted by the clubs.

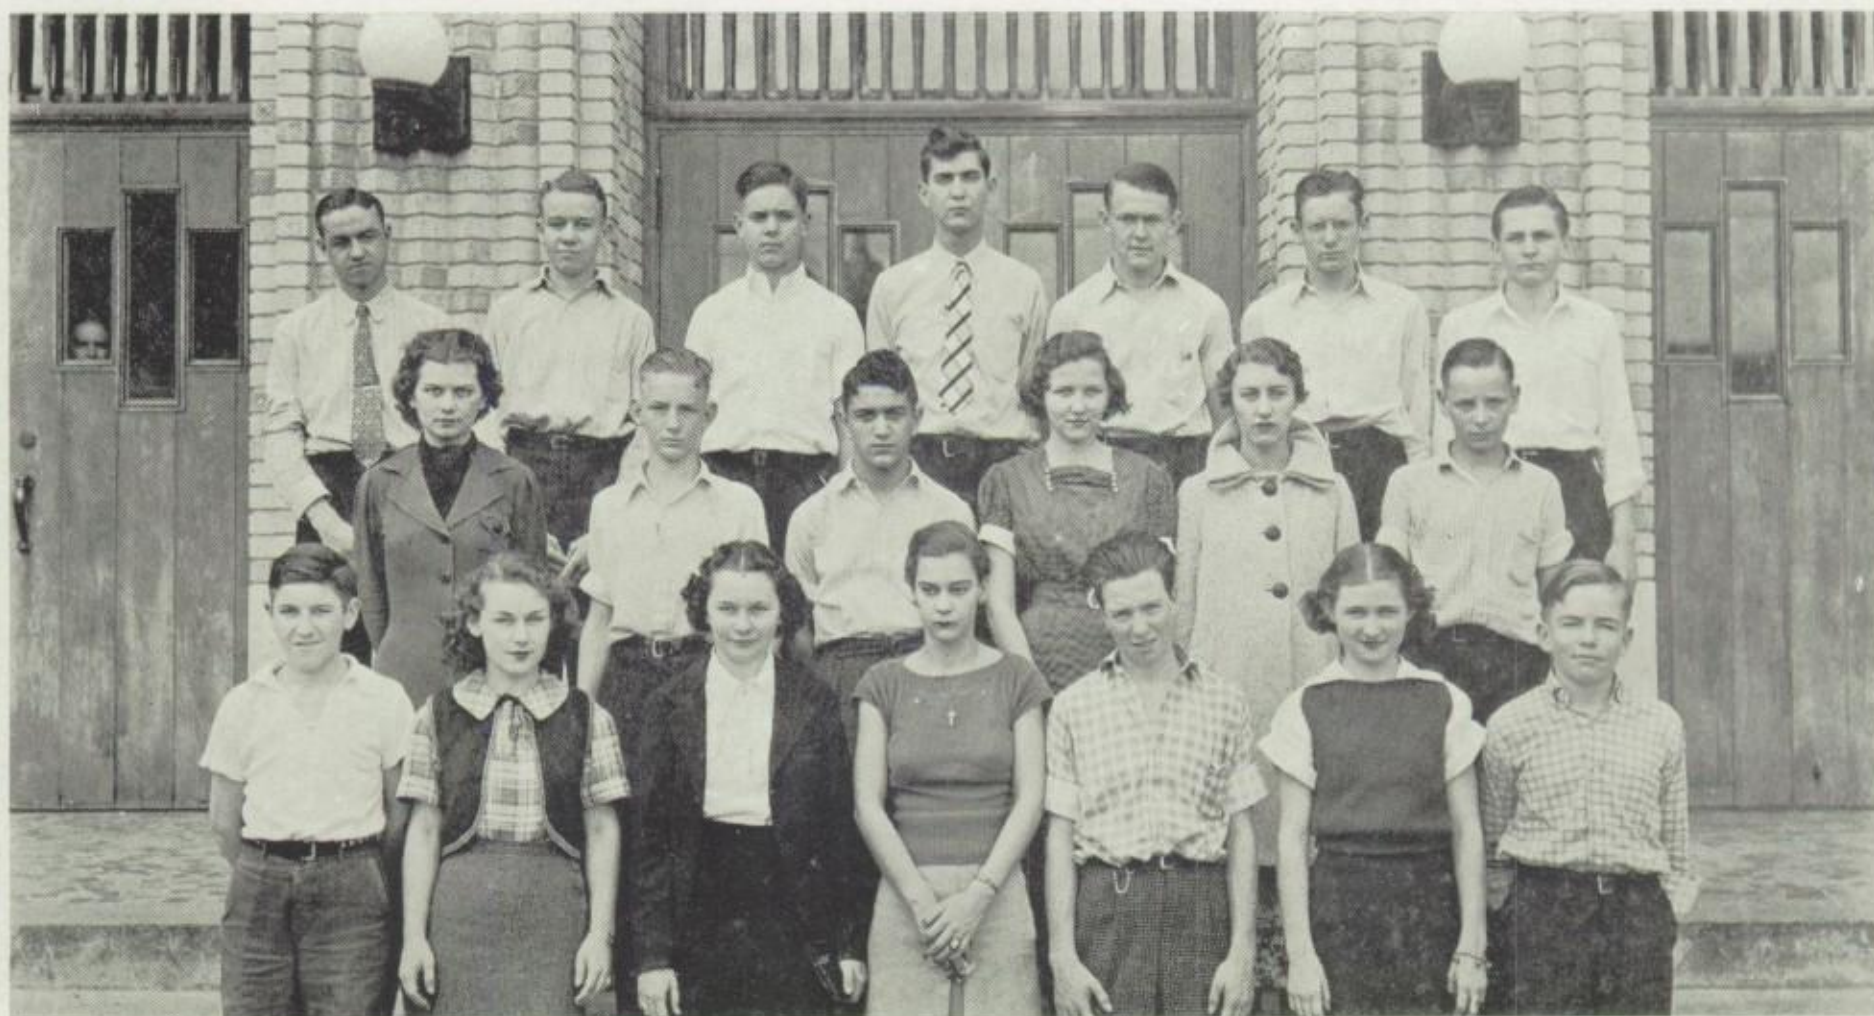

The growth of the membership of the club necessitated a division which was effected in 1933. The two parts were differentiated by the numerals I and II. Mrs. Sharp became sponsor of Nature Science II. In the fall of 1933 Miss Ojerholm succeeded Mrs. Sharp as sponsor.

The Nature Science II aims to develop a scientific attitude and to promote scientific endeavor.

In the spring of 1935 the club became affiliated with the Texas Junior Academy of Science, an organization which affords extraordinary opportunities for those possessing scientific aptitudes. Since that time three members have won recognition from the Junior Academy.

Y. T. S. Botanical Society

The Y. T. S. Botanical Society was organized in the fall of 1929 with Mrs. Frances M. Kenyan as sponsor. The purpose of the club is to increase the student's appreciation for the plant life about him by working with plants and by studying interesting things about plants. The motto of the club is "Exploring the Mysteries of Plant Life."

The club was named for three botanists who have named plants in the Austin region, Doctor Mary Sophia Young, Dr. B. C. Tharp, and Miss Ellen D. Schultz.

The club entered the State Wild Flower Contest in 1929, 1930, and 1931, winning second place for each of these years. In the fall of 1930 the club undertook the task of beautifying the school grounds. In order to finance its projects the club was given the concessions at the football games. By this means the shrubbery and landscaping of the gymnasium ground, on the north, northwest, west and front of the building have been added. The rose beds on the north, west and south sides of the building, and the flower beds in front were planted by the club. The roses have furnished decorations for the offices, the lunch room, the stage in the auditorium and many bouquets to the sick.

The club became affiliated with the Texas Junior Academy of Science in spring of 1935.

Amateur Radio Club

For several years prior to the school year of 1932-33, the boys interested in radio met after school, having as their primary purpose to become amateur radio operators, known in the radio world as "Hams." Only those boys interested in becoming amateur operators were admitted to the club.

Since the school year of 1932-33, the Amateur Radio Club has met at the regular club period. The membership has been increased greatly, but the chief interest has become that of radio in general and of practice in building simple receiving sets.

Several of the charter members of the club were invited to present problems of individual study to the Junior Academy of Science. This year the club has voted to become one of the charter members of the Texas Junior Academy of Science.

K. D. V.

The German Club was organized in the fall of 1924. Its lengthy name, KONSTANTINOPOLITAN-ISCHERDUDELSACKSPFEIFENMACHERSUNTERSTUETZUNGSVEREIN, is an adaptation of one of the nonsense words used by Mark Twain in the "Connecticut Yankee," its literal meaning being "the club for the support of the bagpipemakers of Constantinople"; the pronunciation of the club name is the goal of every initiate. The club is open to students of German who have had one semester's work in the language.

The chief purpose of the club is to acquaint its members with the life, literature, customs, and songs of German-speaking people. It offers opportunities for oral use of the language outside the classroom. The chief project of the club is the assembling of a library of German literature.

Philatelic Club

The Austin High School Philatelic Club began in the middle 1920's and was reorganized in 1927. After the old members had departed, the club went through a number of years without much action. In 1930 the club was again reorganized. From that time to the present, the club has suffered very few hardships.

In the modern Philatelic Club the members give reports which keep them posted on up-to-date information concerning new issues and changes in the price of the stamps. A term project gives the members an opportunity to become more interested in stamp collecting. A prize is offered to the club member who has enlarged his collection the most during the term. Many speakers who were former members of the club give lectures on their collections and on philatelic terms.

At various times the club has been sponsored by Mrs. L. K. Smoot, Mr. F. C. Bieseke, Mr. M. W. Weaver, and Miss Maclovie Hill.

Hobby Club

The Hobby Club began in the fall of 1935 under the name of the Toy Shop Club. At this time the membership in the club was open to boys and girls. However, in the spring semester, the membership was restricted to girls. This was done because it was felt that the room did not have facilities for making toys which boys would be interested in constructing.

It was decided that the name be changed to Hobby Club because the girls were working on scrap-books, knitting, etc. This change became effective in the fall of 1936.

The club now has a membership of 29. The girls are working on various projects. A fine of \$.05 is assessed a member if she forgets her works at any time. In 1936 the number wishing to join the club was so large that a second club was formed. Mrs. Bowers is sponsor of Hobby Club Number Two.

This year the club is planning an exhibit of the best articles made during the semester.

Home Economics Club

The Home Economics Club had its origin in the general extra-curricula program introduced by Mr. Wells in 1929. The club charter states that the membership shall not exceed twenty-five and that the members must have an average of eighty-five in all subjects and two years training in home economics. The limited membership with the desire of girls to join this club resulted in the formation of the two Hobby Clubs.

Each term a definite project is selected and studied. The sale of fruit cakes is a means to provide money for entertainments and an annual gift to the Home Economics Department.

The club's emblem is a Betty Lamp, which signifies the enlightenment given by women thru the ages. The club's flower is a red rose; colors, red and white. The motto: "It takes a heap of living in a house to make a home."

Model Airplane Club

In 1926 The Model Airplane Club was organized to create an interest in aeronautics. The aim of the club is to discover, in general, the principles of aviation. In keeping with the purpose and aim of the club, the motto is "We fly high." The colors are blue and cream; the flower, the dandelion.

Club members make, outside of school, planes which they enter in the three meets which the club sponsors each semester. Out-of-door meets are held at the airport, while the indoor meets are held at the gymnasium. Members win points for model planes, for endurance flights of their models, for glider models, and endurance flights of gliders. At the end of each semester prizes are awarded to the member who has the greatest number of points.

The Baton Club

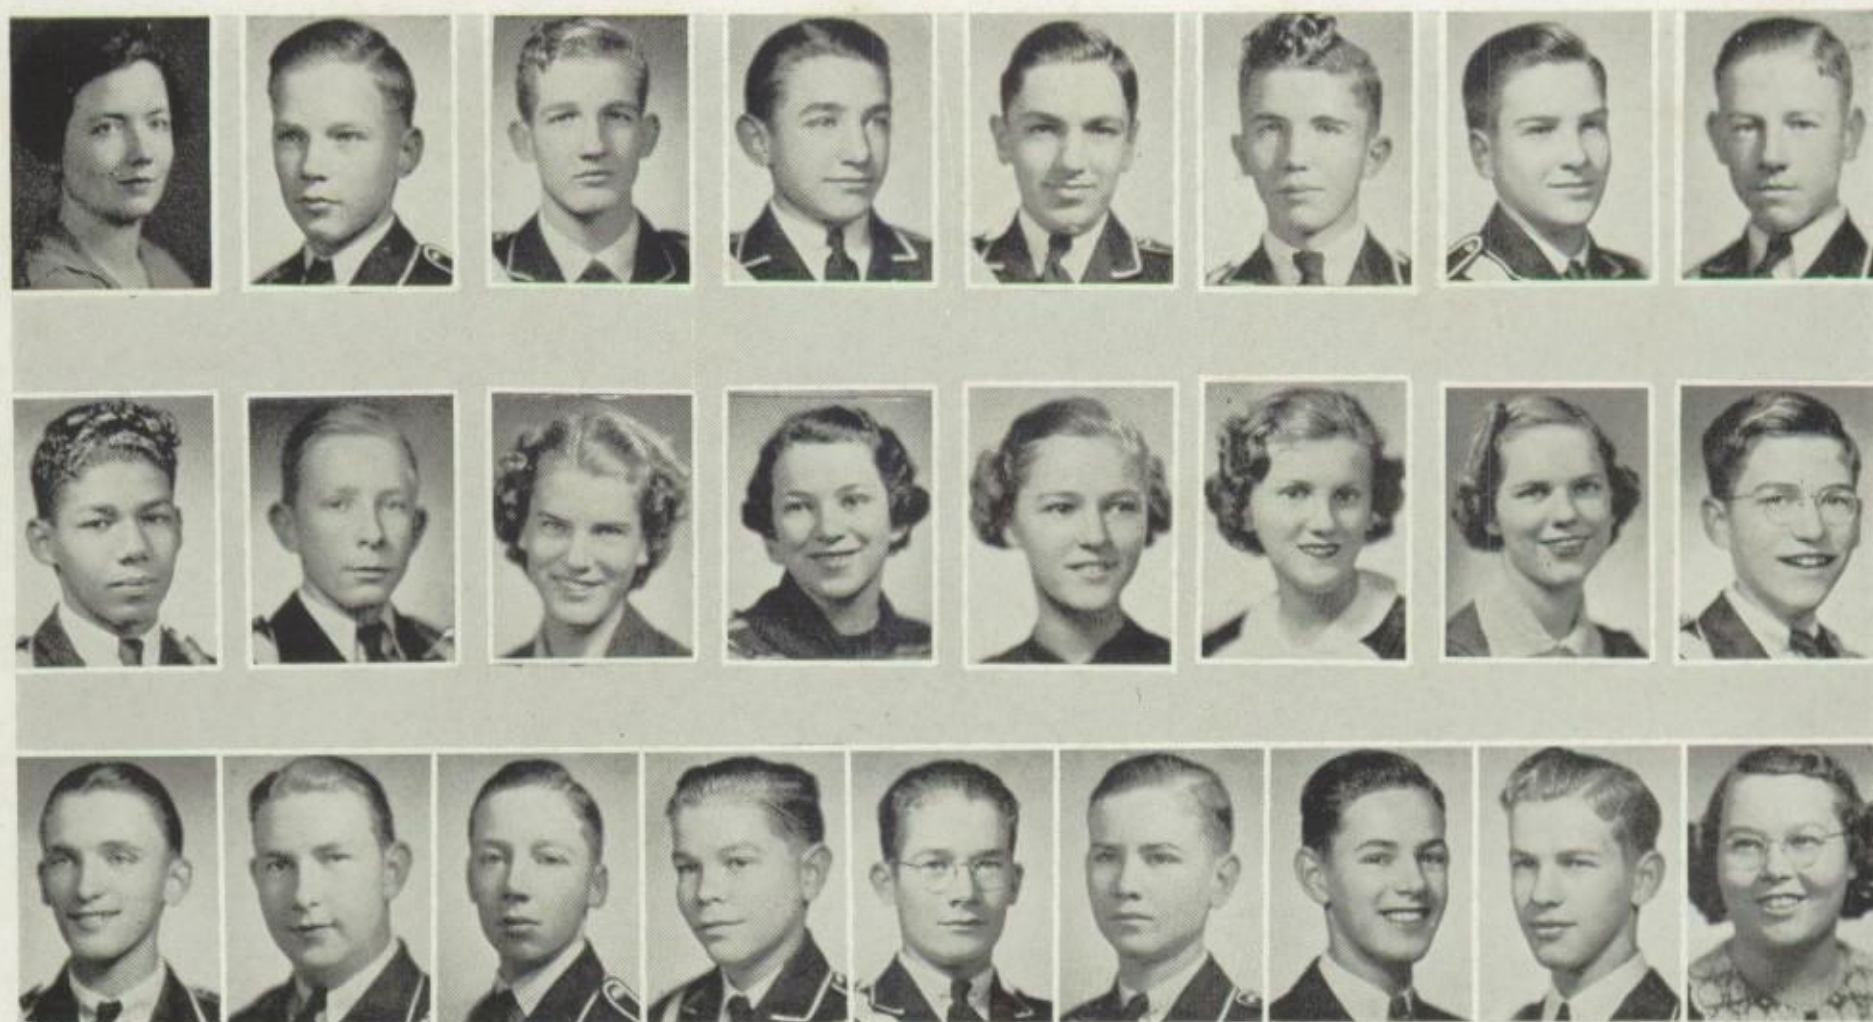

The Baton Club, one of the newer clubs in Austin High School, was organized in 1936. Members are selected from students who are interested in music. The ability to play an instrument is not required, though it is desired. The general aims of The Baton Club are to learn something about music and to learn to listen intelligently. The programs are made up of musical selections, generally given by the members themselves. This furnishes an opportunity for the members to play for an audience.

Student Council

The first Student Council was organized in March, 1913. The constitution provided for two members, one boy and one girl, elected from each grade to attend its meetings. Today the membership is composed of one regular member and one alternate elected from each advisory at the beginning of each school semester.

In 1927 the Council had a drive to build a much needed gym. It raised by pledges \$2,100. On March 7 of the same year a new constitution was adopted. Pay assemblies were first introduced in 1931.

The Blanket Tax movement, started in 1930, first went into effect in 1934. In this same year seniors having a ninety average were exempted from their final examinations. This year also marked the first dateless afternoon pay dance.

In 1932 the proceeds of a dance sponsored by the Student Council went to the band for new uniforms. This same year Student Directories, now published annually, were first published by the Council. Golden A's were first presented in this year.

An afternoon dance was given in honor of the Austin Maroon football team in 1934. The proceeds were divided between the curtain fund and the Student Council. The Council prohibited clubs from initiating pledges publicly during school hours.

Reflectors and school stationery were sold in 1934 for the first time. Fite Nite, a culmination of intramural sports, was sponsored by the Student Council and the Athletic Managers' Association. In 1934 the Council bought a second-hand pinao for the gym. A year later a piano box was built.

Student Council

In 1936 the grand piano was refinished, retuned, and repaired. This same year the Council supervised the election of boy yell leaders and seniors succeeded in securing caps and gowns for graduation.

The Welfare Committee welcomes and explains the function of the school to new out-of-town students. It endeavors to supply underprivileged students with necessary supplies. Annually the Council sponsors a Christmas and Thanksgiving drive for food, clothing, toys, and money for the city's needy. The Student Council usually sponsors a fall and a spring dance. Twice the Council has sent delegates to the Southern Government Associations, once to Hot Springs, Arkansas and once to Dallas, Texas.

Red Jackets

At the request of the football coaches the Red Jackets were first formed in 1919 as the Football Backer's Club. Miss Florence R. Brooke sponsored the group. In 1926 more definite organization was effected under the leadership of Marion Penn Fowler.

Unlike the Backer's Club, the new organization required a scholastic average of B, wore regulation uniforms, and appeared in simple drills between halves of the games. During the ensuing years, the Red Jackets developed further. They adopted a constitution which provided for officers, yell leaders, and executive council, and a system of demerits.

In the fall of 1936, with Betty Love Rugeley as sponsor, the Red Jackets underwent several more changes. They were divided into two groups which drilled with the Maroon Band every day. With a total membership of one hundred girls, they attended three out-of-town football games and performed with the band between halves at all games.

The Red Jacket's aim is to encourage enthusiasm and interest in athletic contests, sportsmanlike conduct during games, and a good scholastic standing.

The Band

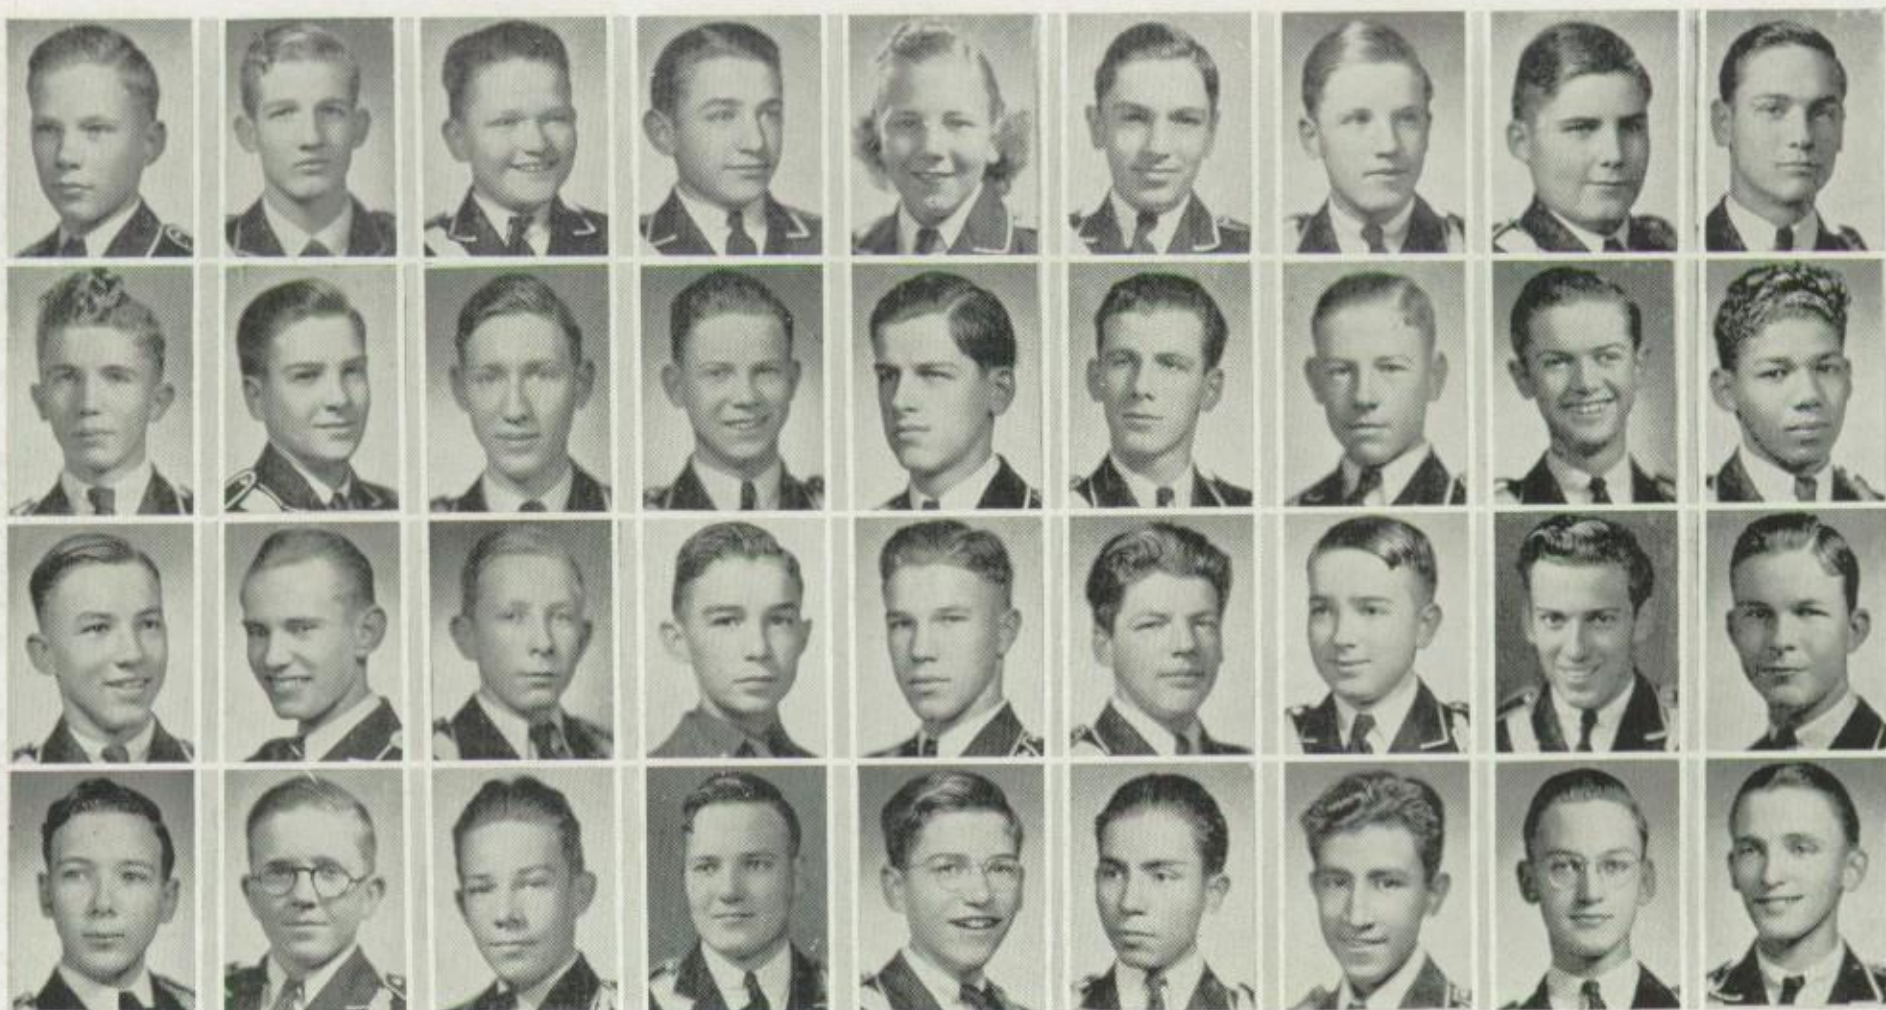

Our Austin High School Band has grown from eight to one hundred members under the able leadership of Mr. Weldon Covington.

Mr. Covington has directed the Senior High School Band since 1931 and the Junior High School Bands since 1933. Because of the experience the boys receive in Junior High School band work, our band has been able to do superior work. In 1935 the Maroon Band placed first in the State Band Contest.

By sponsoring midnight matinees the Band has been able to buy new uniforms so that all members now have uniforms. The School Board has bought \$2,000 worth of new instruments.

The Band played at all home games and made three trips to out-of-town games. It appeared for the first time one-hundred pieces strong at the Texas-A. & M. Thanksgiving Game in 1936. The Band is planning another concert before the end of the term; it played for the Commencement Exercises in June, 1936 and also appeared on an assembly program during the fall of 1936.

In 1936-1937 the Band was ranked as Highly Superior (First Division) Concert, Class A. This year the number of solo and ensemble entries were more than ever before. Numerous members received the ranking of Highly Superior and Superior. In 1936 the Band was represented at the National Contest at which Harold Mueller won Highly Superior rating. Our Band won the Grand Prize in the Battle of Flowers Contest in 1936; and it hopes to attend this year's National Contest in Oklahoma.

Orchestra

Since 1933 the Orchestra has been under the direction of Miss Maurine Owen. Previous to that time the Orchestra was an "added attraction" for the Band Directors: Mr. Burnett Pharr, Mr. Dybwad, and Mr. Covington, each in his turn. Under Miss Owen's direction the Orchestra has been working toward symphonic instrumentation. From a nucleus of two violins and four or five horns, the Orchestra has grown to an organization of sixteen first violins, eighteen second violins, four violas, six cellos, six basses, eight horns, and a large drum section. In the spring of 1937 the Orchestra will enter the State Orchestra Contest.

Girls' Athletic Association

The G. A. A. was organized in 1923 by the Girls' Physical Education Department. Originally an open membership of sixty was decided on, but in 1933 the membership was made elective and limited to fifty.

The G. A. A. aims to promote athletic participation among the high school girls. In order to achieve this purpose, the club sponsors an intramural program for girls which includes tournaments in basketball, tenniquoits, baseball, archery, and hockey. The semi-annual Girl's Prom, a dance for girls only, is also sponsored by G. A. A.

Various outings such as hikes, picnics, and swimming parties are participated in by the members. Points are awarded for these and other athletic activities. Awards are made in June on the basis of these points.

The Saddle Club

The Saddle Club was organized in the fall of 1934 with three members. From that time the membership has grown steadily until now the club is limited to forty-five, divided into three groups of fifteen each: Advanced, Intermediate, and Novice groups.

The club members are taught the fundamentals of good horsemanship by riding in a ring, going on trails, having paper chases, scavenger and treasure hunts, and picnic rides. Members of the Saddle Club have done rather well in the Juvenile Horseshow and also in the Bit and Spur Show. Both are

In the spring of 1937 the club offered a prize to the best rider in the class for children under twelve in the Juvenile Horseshow. They hope to make this an annual custom.

The club started as a girls' organization because, at the time, there was a co-ed club. This has since died, and, the Saddle Club has opened its membership to boys.

Safety Patrol

The Austin High School Safety Patrol is an outgrowth of the promotion of safety in the city of Austin by the Streets and Safety Committee of the Austin Chamber of Commerce.

Mr. J. E. McClain, Chairman of the Streets and Safety Committee, Mr. Walter Long, Captain Roy Smith, Head of the Traffic Division of the Austin Police, and Mr. A. N. McCallum were the leaders in promoting this work.

The patrol started with twenty patrolmen, patrolling only the two main traffic streets surrounding the Austin High School.

Upon the reorganization of the patrol in the fall of 1936, interest and enthusiasm increased until, in the spring of 1937, the organization had grown to a staff of eighteen officers and fifty-eight active patrolmen. The patrol increased its territory to all streets surrounding the school, and a special shift was detailed to care for the safety of the students of Pease School at hours when this is necessary.

The patrol won local recognition in the Chamber of Commerce Safety Contest when it was judged the best patrol in Austin. Two members of the patrol were awarded individual prizes, Byron T. Yancey, chief officer, and Howard Dearing, patrolman. Cups were presented these boys and the patrol by Mr. Eugene A. Murchison.

The Glee Club

The Girls' Chorus made up of eighteen girls with J. Campbell Wray directing has entered district and regional glee club meets for a number of years, and at these meets it has won many places and several cups. This year the girls were awarded a silver cup in the annual State Meet held at Mary Hardin-Baylor College in Belton. The group also sings before some local gatherings.

Last year the Boys Quartet was organized; in the fall it became an octet; and now it has added eight more members, making a double octet. The boys sang at the February Commencement this year, at P. T. A. meetings, and on various other occasions.

The regular choral club which is composed of both boys and girls participated in activities at Christmas time in an assembly program of Christmas music; and last year an Easter Cantata was presented. There are about one hundred members in this group.

Quill and Scroll

A charter was granted to journalists of the Austin High School on March 14, 1929 authorizing the establishment of a chapter of the National Honor Society for High School Journalists, Quill and Scroll. Under the sponsorship of Miss Margetta Patterson, instructor in journalism, the chapter was named O'Henry, in honor of the foremost writer of the Capital City.

Students are elected each semester by recommendation from the sponsors of the Maroon and the Comet to the National Secretary. Requirements for membership include scholarship, superior work in writing, editing, or business management on their school publications.

In the spring of 1934 the chapter was host to visiting high school scribes to the Interscholastic League Press Association at a reception on the Thursday night preceding their annual convention on the University Campus. Since that time the O'Henry Chapter has sponsored this annual reception.

Maroon

The first Austin *Maroon*, a four column paper, dated October, 1928 was sponsored by Miss Margetta Patterson. From this small beginning the paper has grown to four to six pages of seven columns, and has been judged for three years by the Texas High School Press Association the best edited paper in Texas.

Distributed free to the students for several years, the paper was placed upon a subscription basis in 1933, at the time that the sponsorship was assumed by Mr. J. W. Markham. Since 1934 the *Maroon* has operated under the Blanket Tax.

Katheryn Owens and Joseph Baldwin edited the Paper which won its first State championship in 1933-34 and won first place for the school in Interscholastic League Journalism. Under the guidance of Mary Frances Keith and Homer Mueller in 1934-35, the *Maroon* placed second in the State in a close race with the Abilene *Battery*. Mac Roy Rasor and Kenneth Clark edited another championship paper in 1935-36 and broke all records in the Interscholastic League contests. This year Kerns Taylor and Bernice Hall guided *Maroon* destinies to another State Championship and won individual honors in the fall 1936. *Maroon* Editors have won national honors and have been influential in Texas Journalism.

The Comet

The first issue of our yearbook appeared on December 17, 1897, typewritten with the title "Comet" printed in red ink across the top of the page. At this time the "Comet" was a bi-monthly publication issued on alternate Fridays through the efforts of the Senior Class. An interesting article in this first number tells that because of a "parade which is to begin at the Temporary Capitol at ten o'clock, the school will adjourn until the departure of the circus." In May 1898, the "Comet" came out in newspaper form with its three-columned pages filled with stories, poems, and items of school interest. The year 1907-1908 brought a monthly publication with a subscription price of twenty-five cents a term. The January issue of this year contains a picture of the five members of the graduating class. Gradually the amount of material began to increase and more different subjects were used.

The Comet

Beside short stories, editorials, locals, and personals, articles were printed about the departments of athletics, manual training, the library, news from clubs and other organizations, and exchange from other schools. In 1913-1914 the Constitution of the Students Association of Austin High was published; and an interesting article about or written by some member of the faculty was added. Beginning in 1917 the "Comet" was published semi-annually. References to the World War began to appear in the Senior Class Oration which was entitled "Our War President" and in messages from some of the soldiers abroad. The volumes were then divided into five sections; namely: Seniors, Undergraduates, Organizations, Athletics, and Features. From that time on the "Comet" has continued to grow. Now it is published yearly by a selected staff. This year the "Comet" is the largest yet published.

Forum Leaders' Group

The student forum movement started in Austin High as a part of the Commissioner of Education's plan to make the United States safe for democracy. Its purpose is to encourage the students, under student leadership, to participate in the discussion of current problems.

Our organization got under way in the fall of 1936, and its permanence seems now to be assured. H. H. Hoyt was the organizer and is the present sponsor. Following is the list of topics discussed in the forum groups: Child Labor, Signs of Economic Recovery, Safety Patrol, Religious Groups of India, The Modern Newspaper, Munitions Industry Control, Transportation, Photography, Fascism and Communism, Crime, Latin-American Relations, Aviation, The Negro Race and Its Problems, Education for International Peace, Spanish Revolution, Possibilities of European Conflict, The World Economic Situation, United States Neutrality, Observations Made From a Tour of Europe, What We Should Know About the Texas Legislature, Propaganda, and What Is "First Aid?"

The Maroons journeyed to Cleburne to open their 1936 schedule against the heavy Cleburne Yellow-jackets. After having 19 points scored against them in the first three periods, the Maroons came to life in the final quarter, scoring their only 6 points by a 38-yard pass from Eckert to Taylor. Austin gained possession of the ball with an interception by Co-captain Jungmichel.

Nursing an age-old grudge, the Temple Wildcats and Austin went to battle at Temple. The Wildcats got off to a 7 point lead in the first half; but in the second period Eckert pushed the ball over from the 4-yard line for a Maroon touchdown, and Albert Taylor place-kicked the extra point. Game statistics show that Austin out-played the Wildcats in every department, but the game ended in a 7 to 7 deadlock.

Led by Eckert, Parks, and Taylor, the Crimson team vanquished the Laredo Tigers with a score of 20 to 0. In the first two minutes of play Eckert plunged through for a touchdown. On the first play in the second quarter Parks scored on an end run from the 14-yard line. Both extra points were converted by Taylor. In the last quarter Kuhn and Eckert put the ball on the 12-yard stripe, and then Eckert crashed over for the final tally.

Austin opened the conference play against the crippled Harlandale team. With Jungmichel, Eckert, Kuhn, Taylor, and Parks scoring, the Maroons were able to put over 69 points to the enemy's 0.

Playing on a mud-soaked, rain-drizzled field, the Maroons conquered the Brackenridge Eagles at San Antonio, 25-0. Early in the first stanza Eckert plunged through for the first

tally. For the second touchdown Ralph Park was the main stave in advancing the ball to the one-yard line; and Taylor plunged through. Reagan Gage was responsible for the remaining Maroon tallies. He intercepted a pass and ran 60 yards to score, fell on a punt blocked by Schlegel for another touchdown, and kicked the extra point. Thus a reserve center scored more points than all the backs.

Tivy's unstoppable backs, McCaleb, Holbrook, and Chambliss, combined their forces to trample the Maroons 38 to 0. After the first minute of play, "Booty" Eckert, the Maroons' only triple threat, was taken out of the game because of an attack of appendicitis.

Considerably weakened, the Maroons, already outclassed, gave the mighty Kerrville lads very little competition. This game was the only one in which Austin was held scoreless. The Antlers later went to the state finals.

In the most dramatic game of the season the Crimson Kids dropped a heart-breaking defeat to the Thomas Jefferson Mustangs, 21 to 19. The Mustangs got the jump on the luckless Maroons in the first half with two touchdown passes and a blocked kick behind the Maroon goal. Late in the second quarter Reagan Gage intercepted a Jefferson pass and raced 72 yards for a touchdown. In the third quarter Taylor tossed a pass to Kuhn for another tally. This same passing combination netted the extra point. The final

quarter saw Eckert return a punt to the 12-yard line and then, on the next play, run it over for a third touchdown to put Austin ahead 19 to 15. Austin's penalties on the next two plays put the ball close to the pay mark for Thomas Jefferson. After three unsuccessful tries, Reeves of the Mustangs dived over center for the winning touchdown.

In the final conference game of the year the Maroons defeated the San Antonio Tech Buffaloes 13 to 0. During the first half

Austin was held scoreless, and the teams seemed very evenly matched. A pass from Eckert to Taylor brought the first Maroon score in the third quarter. This combination clicked again for the extra point. At the first of the fourth quarter, a pass, Elliot to Schlegel, was good for the final 6 points in the last district game. Both scores were results of blocked punts by Wayland Basey.

The Maroons' finale was played in Port Arthur against the Yellowjackets. The first half found the Yellowjackets plunging through the Austin line for 12 points. As the fading minutes of the second quarter drew near, Ralph Park booted a quick kick for 69 yards; and the ball rolled out on the Port Arthur 4-yard line. On the next play Jungmichel blocked a Yellowjacket punt,

and Jaques dived on the ball for a touchdown. The Yellow-jackets plunged over for another touchdown in the final quarter making the score 6 to 19, and after a few more minutes the Austin Maroons' 1936 season was over.

The Austin Maroons had a fairly good season this year since they came out third in the district and scored against all teams but one. Not having succeeded in defeating Temple, their traditional rival, for more than five years, Austin tied them this year. Booty Eckert, who was awarded the Lions Club trophy for being

the best all-around player; V. D. Basey, and David Stewart made the All-District team. Basey and Stewart also made the All-South Texas team.

The "B" team had a favorable 1936 season by winning three out of five scheduled games. Outstanding in the squad were Gosset, Enquist, Mayhill, Cox, and Helf in the back-field, Tipton and Seibt at guards, Lee and Jim Maufrais at tackle, Taylor and Loney at end, and Brooks and Hatzfeld at center.

The Goldshirts had a very successful 1936 season. With Duggin, Speir, and Abramson starring in the backfield, Alexander and Looke in the line, they won three games out of four. Coach Guffin believes that he has good Maroon material in his boys.

Basket Ball

With nine letter men returning from last season Coach Bennie Strickland brought his squad through thirty-three games of basketball with a total of twenty-two victories and eleven defeats. This was an exceptionally good record.

During the Thanksgiving Holidays the Maroons began their season when they met Waxahachie and came through victoriously with a score of 37-14. With a feeling of confidence the Crimson Kids fought against Dallas in three tough games, Woodrow Wilson, Adamson, and Forrest Avenue. Austin kept the lead in all games.

After running over the Burnet team to the tune of 40-26, the Austin players went into East Texas during the Christmas Holidays where they played against Kilgore, Brownsboro, Grapeland, Palestine, Slocum, Neches, and Elkhart. The Maroons returned triumphantly after twice defeating Elkhart and Neches. The only game lost was to Brownsboro, 25-24.

As soon as Austin placed the name of San Antonio Tech on their calendar of successes, they entered an invitation tournament at San Antonio. There the Maroons defeated three opponents, Milby, Harlandale, and Tech; but in the final game against Jefferson Davis of Houston they lost a hard battle by a score of 31-17. The following week the Crimson boys went again to San Antonio to play Brackenridge. Lady Luck frowned upon them and they were left on the short side of a 28-27 score.

When Thomas Jefferson came to Austin, the Maroons were ready and walked off with the game with a score of 27-22.

In the first game with Temple this season the Maroons were defeated, in a close game 25-24.

Austin won the first of two games against Gober, the runner-up for the state championship. Between the games with Gober Austin defeated Bonham.

To determine the district champions the Maroons had to play a series of three out of five games with Temple. Practically the entire first team became ineligible in February; hence the Maroon's average in height as well as in age and experience decreased astonishingly. This can account for the fact that, although the Austin boys fought hard and well, they were unable to gain the lead in any game against the Wildcats. In the first game the Maroons dropped 23 points to the Wildcat's 34. Although Stevenson started well in the second game, he was unable to contribute in his usual manner because of an injured hand. The whistle blew when the score was 18-11 against Austin. The third game was also lost in a 10-15 defeat.

Despite a good start in the game with Sidney Lanier of San Antonio, Austin was defeated 28-14.

The last game on Austin's schedule, with Harlandale, was lost 23-21 after a hard, close game in which Eckert and Russell basketed the majority of points for Austin.

The individual points listed below would have been much greater if a record of the East Texas games had been kept:

During 1936 Austin experienced one of its most successful baseball seasons in several years. After starting the season with a 3-0 win from Temple High School, the Maroons won successive games from Bryan 5-3, Brackenridge 6-5, and two games from Adamson High School of Dallas 12-6 and 7-6. The Temple Wildcats, still smarting from the defeat they received in the season opener, met the Austin nine again; this time, however, they humbled Austin 4-2.

Then Austin journeyed to Hondo, where, after ten innings of fine ball playing, they conquered the Owls with a final score of 7-5. To top off the regular season, the Maroons took a 6-4 victory from Thomas Jefferson High School.

Coach Bennie Strickland inaugurated the first annual Baseball tournament to be held at Austin High School. Six clubs were entered in the

tournament, namely: Weslaco, Killeen, San Antonio Tech, Hondo, Waxahachie, and Austin.

Austin made its way through the first round by defeating Waxahachie 3-0, but, due to many costly errors, lost the semi-final round to Main Tech of San Antonio by the top-heavy score of 18-6. Killeen and Main Tech advanced to the finals. The Killeen Kangaroos offered a fine club that featured good pitchers and a heavy batting order. They beat the Tech Buffs 6-3 to win the title.

Lettermen for the 1936 season were as follows: Freddie Everett, Charles Stevenson, "Bunky" Helf, Jack Prather, "Booty" Eckert, Dale Barnes, Herbert Orand, McCaleb Taylor, Billy Elliott, Albert Taylor, Franklin Raymond, Max Schlegel, Frankie Harsch, James Phillips, Bob Cousins, Billie Fields, and Manager Joe Anderson.

Track

Although hampered from time to time by illness of members of the team, the Maroon track season, 1936, was not without its bright spots. The star of the season was Freddie Everett, and with six lettermen returning the prospects for 1937 are bright even though Everett was lost through graduation. Competing in seven meets, Coach John Keel's Maroons won two by good margins.

After a hard battle Thomas Edison High School of San Antonio won the first meet 69-53. The Maroons' new star, Freddie Everett, made 13 points by taking first in the shot and javelin and second in broad jump. First places for Austin also went to Morris Gregory in pole vault; John Nash, discus; and Buford Abramson, 220-yard dash.

In the Cameron invitation meet the Maroons finished seventh with seven points. Five of these points were made by Freddie Everett, one by Douglas Jaques, and the seventh by the spring relay team.

The Maroons found the competition much too fast at the Texas Relays in Austin. Although they won their heat in the medley relay, the time was too slow to place in the final check-up. Their qualification for the finals in the mile relay was forfeited because of illness.

A few men at the Lockhart Relays managed to finish fourth in a fast field with $14\frac{3}{4}$ points. The star for Austin was Morris Gregory.

The Maroons fared better at Smithville by coming out on top 88-38. First places for Austin went to Freddie Everett, discus and shot; Billy McDugald, high jump; Bill Kuhn, the 440; Buford Abramson, the 100 and 220 yard dashes; Claiborne Duval, mile; Anthony Tracy, half mile; Dan Harwell, low hurdles; and Douglas Jaques, high hurdles.

Spurred on by their victory over Smithville, they all gave top performances at the District meet at Georgetown and were acclaimed the District champions. The final scoring gave Austin 36½ points, and Freddie Everett was second high point man of the meet.

The next week there was a general let-down, and Austin got only one point in the Regional meet at San Marcos. Freddie Everett contributed the one point by placing fourth in the javelin, thereby qualifying himself for the State meet.

Lettermen for the season were Bill Kuhn, Everett Bohls, Wesley Collier, Morris Gregory, Randolph Harris, Buford Abramson, Douglas Jaques, Anthony Tracy, Freddie Everett, Garland Adair, Claiborne Duval, and Clarence Keng, manager. Reserve letters were given to Emmett Ehlers, Judd Oualline, Tommy Taylor, Dan Harwell, Charles Davis, Leonard Swenson, and John Nash.

Tennis

The Austin High Maroon netters completed their first season under Coach C. J. (Shorty) Alderson, with a very good record. In the short time allotted to the coach he ably organized a team that won ten out of the fourteen meets played.

Chester Granville, number one Maroon netter, suffering from a broken ankle, was unable to participate in the first fourteen matches; but fortunately he recovered in time for the district and state competition. Chester and Edward Hatzfeld capably represented Austin in doubles, losing only in the final round of the state meet to Waco. There is no doubt that this would have been a winning combination had it not been for Chester's weak ankle. The previous statement was clearly confirmed when Chester won in the Waco tournament the right to represent Texas in national competition.

In spite of an extremely high wind during the Austin-Georgetown tournament Austin men won 12 out of 13 singles matches, and 5 out of 6 double matches.

The first six men on the Austin High squad visited Taylor, defeating them 5 out of 6 matches.

Ball High School of Galveston lost to Austin on our own Athletic Club courts, 6-0 in singles and 3-1 in doubles. On Saturday, April 5, 1936, the Maroons visited the island city to return the meet played in Austin. The island team suffered a 10-1 defeat in singles and a 4-1 defeat in doubles. Hatzfeld, who has a promising future, defeated Galveston's number one netter 6-1, 3-6, and 6-2.

CHESTER GRANVILLE got a late start, but played some great tennis.

EDWARD HATZFELD, perhaps the most consistent player on the squad, is capable of scaling lofty heights in the field of tennis.

JOE BOWLES was a consistent winner in singles and doubles.

BILL STOCKING showed flashes of tennis genius, but was erratic.

BILLY JOE BAXTER has the pep and fire to bolster all the team.

GARVIN GREER is every inch a fighter.

CURTIS SCHMEDES is a consistent, conscientious plugger; we expect greater performances from him.

GEORGE NALLE, though not a natural player, has a flaming heart and a level head.

JOHN SCOFIELD has enthusiasm and unlimited information about tennis; he is a hopeful prospect both during and after high school.

WALLACE DAVIS, who makes use of his mental faculties on the tennis court, is a promising man.

RICHARD LANE, a valuable addition from Eagle Pass, is always hard to out-last in singles.

BOB PENICK has perhaps the best all-round playing form.

JESS EZELLE has had little experience, but he has possibilities.

ROBERT FRAZEE'S stout heart makes him dependable in a crisis.

EDWARD CORNWELL showed good form at times, but was inconsistent.

PEPE TORRES and BOB WILLIAMS, new comers to tennis, have stamina and should become top notch.

They Were Tough...

Those Mohawk Indians. It is a historical fact that the Mohawk tribe was feared more than any other. They had the strength and stamina to keep on going after others had stopped. Mohawk Tires, like their namesakes, have this quality, too. You will find them serving faithfully long after you would normally expect a tire to be through.

It Rang True!

THE rare Damascus Blade won its reputation from its tempered durability, its dependability, its keenness. It stood the test of time and service.

SO, a newspaper's reputation is won through years of dependable service, keen perception in interpreting the modern scene, and its ideal of truth.
